DEDICATION

; volume of the index to Defiance County, Ohio Death Records (located at the Defiance County Health artment) is dedicated to my parents Harold H. and Erma (Wheaton) Rulman, who were among the first nbers of the Defiance County Chapter of the Ohio Genealogical Society, when it was organized in 1977.

Lucy (Rulman) Weaver
Member of the Defiance County Chapter
Ohio Genealogical Society

FOREWORD

: material contained in this first published volume of Defiance County Death Records was taken directly n the index at the Defiance County Health Department and not directly from the death record itself. stakes may occur due to typing errors or misinterpretation of writing on older records when these were ed for the index. The local health departments in Ohio began keeping death and birth records on December 1908. Records prior to this date are held at the county courthouses in the probate section. Also prior to 0, township clerks were allowed to record births and deaths occurring in their townships, so you may see name of that township next to the certificate number. From 1908 to 1969, the index contains only the names of the parents (with exception of records researched by this author.) After 1969, the entire name of parents of the deceased is typed in the index. Please keep in mind that the index should only be used as a de for locating the record. The record itself will contain much useful information such as the cause of th, informant's name, the date of birth of the deceased, and place of burial, for example. When requesting a y of the certificate, write to the Registrar of Vital Statistics, Defiance County Health Department, 197 C nd Park Avenue, Defiance, Ohio 43512. The cost for a certified copy is $ 17.00 you can no longer get an certified copy. Be sure to include all data for that particular name from the index when writing. You can o visit their website www.defiancecohealth.org for more information. The publication of these records uld not be possible, without the assistance of Helen Brown, the past Vital Statistics Registrar. Her operation made the records located at the Defiance County Health Department very accessible to nealogists, for which the Defiance County Chapter of the Ohio Genealogical Society is very grateful.
